ABOUT ME

I am Kunal Kumar, a B.Tech CSE (Artificial Intelligence & Machine Learning) student at Rungta International Skills University, currently in my 1st semester. I have completed Python programming and am now advancing to intermediate-level concepts. I am eager to apply my technical knowledge, problem-solving abilities, and strong learning mindset to real-world projects and opportunities that help me grow as a computer science professional.

ACHIEVEMENTS

- Participated in Smart India Hackathon (SIH), contributing to problem-solving and innovative idea development in a competitive national-level event.
- Designed and developed a responsive website using HTML, CSS, and JavaScript, showcasing creativity and technical skills.
- Successfully completed Python programming (Beginner to Intermediate level), building a strong foundation in problem-solving and coding.
- Created multiple academic and motivational YouTube Shorts, demonstrating skills in content creation, video editing, and digital presentation.

INTERESTS

- Web development and UI/UX design
- Artificial Intelligence & Machine Learning projects
- Programming and problem-solving (Python, coding challenges)
- Content creation, video editing, and digital media
- Innovation and participating in hackathons/tech competitions
